

Agent and agency data — right at your fingertips!

IntegrityCONNECT was created to bring timely information and insights to help Integrity partners manage day-to-day tasks and make better decisions. Now, you can access valuable agent and agency data through our MedicareCENTER integration.

You can better support your agents and agencies by seeing their MedicareCENTER activity in IntegrityCONNECT, giving you the ability to foster their growth so they can serve clients better. You'll have access to all the features of IntegrityCONNECT, plus:

- Call Recording activity on desktop and mobile
- Status of contacts created
- Scope of Appointment through submitted enrollments
- Agent production reports by carrier, product and timeframe

When you have access to this kind of actionable data through IntegrityCONNECT, you can stay in the loop about your agent and provide the best resources to help everyone grow!
